

Arm your alarm with ICT® DIN-Rail

To give your alarm systems the competitive edge, you could stick to what you know: fragile circuit componentry that hasn't changed for years. Or you could choose an altogether more powerful solution.

The new DIN-Rail compatible units from ICT are compact, robust and elegant. In this day and age, why would you work with anything else?

To unleash the true power of your security systems, just add the all new ICT ProtegeGX®. To find out more about ICT DIN-Rail products or ICT ProtegeGX, please visit www.incontrol.co.nz

DIN-Rail.
