

Upgrading Procedure

To avoid registering the NEware software again when upgrading the NEware version, please perform the following procedure:

1. Open the old version of NEware by clicking **Start → Programs → NEware → the appropriate edition.**
2. Click **Help → About NEware.**
3. Take note of the DigiplexNE 8-digit serial number, Software 16-digit serial number, and Registration Code.
4. Install the new NEware version and, if prompted, enter the information noted in step 3.
